

FORD LUCCI Meltiful Wash & Pack

Damaged hair caused by the constant use of hot hair styling tools and hairdryer is one of problems faced by many people.

Ford LUCCI Meltiful Wash & Pack is a set of shampoo and conditioner that contains 8 kinds of plant extracts, Argan Oil and heat activated treatment ingredient (Cocoyl hydrolyzed collagen). Hairstyles also stay in shape longer.

It has humidity retention properties leaving hair shiny and feels smooth to touch even the next day as hair cuticles are protected from the heat of hair styling appliances. Hair is also protected from strong sunlight. Even the fragrance of fruit herb tea gives a relaxing feeling.
