

## **Nook The Nectar Color**

Bright, intense, long-lasting color: this is what every woman wants but we tend to forget that this requires attention even at home. The Nectar Color - available for two different hair types - Fine Hair and Thick Hair, helps to preserve and prolong your hair color for a longer period of time. The Color Preserve for Fine Hair set (Shampoo and Conditioner) and the Color Preserve for Thick Hair set (Shampoo and Deep Mask) are also available in mini sizes as a starter kit! From Italy, the range is free from sulfates and parabens, making it suitable for everyone to use.
