

## Evolve Salon

Founded by Ken Hong, Edward Chong and Dylan Tung in 2010, Evolve Salon will celebrate their 10th year anniversary next year. After being in the industry for 10 years, Ken decided to set up his own salon because he was unable to find his ideal salon.

After gathering inspiration from the various architecture and interior design of different countries and cities around the world, Ken wanted his salon to be minimalist with a combination of industrial chic and nature element. Evolve Salon's interior is modern, trendy and simple. While each stylist has their own respective character, the quiet, minimalistic ambience soon became Evolve Salon's unique trademark as a whole. This unique ambience is also what helps and allow customers to feel comfortable while feeling classy.

"We (Evolve Salon) are quite versatile in cut and colour. Our abilities range from a classic cut with commercial lifestyle colour to something very trendy with creative colours. To us, it's all about individuality and customisation." — Ken Hong, Founder of Evolve Salon
