

A Wholesome Beauty Service at Olson's

Orchard Central

181 Orchard Road #03-09

Singapore 238896

An all-stop shop for your beautifying needs, Olson Creation Studio, a Japanese-concept salon, is the latest salon opened at Orchard Central. The salon offers make-over, eyebrow embroidery and hair services.

Opened in September 2019, Founder and Director of Olson Creation Studio, Olson Tan, has over two decades of experience in the industry. His decision to open a salon in the heart of Orchard was so that his customers have better accessibility to his salon, with Orchard Central being so close to Somerset MRT and is a centralised location.

Olson doesn't consider his neighbouring salons — such as Walking on Sunshine — as his competitors as he believes that both salons have great and differing services to offer to their respective customers. The salon uses multiple brands such as Lebel and Milbon in his salon to cater to his customers. Staying true to his salon concept, Japanese stylists at the salon help to bring the feel and experience of a Japanese-concept salon to life.
