

## Teal Green

Hair: Keith Bryce  
Hair Assistant: Lizz Kopta  
Photographer: Keith Bryce  
Retouche: Keith Bryce & Adam nelson  
MUA: Toni Zitting & Heather Shelton  
Stylist: Keith Bryce

Teal Green, by Keith Bryce, is inspired by the ambiguity of turquoise, between green and blue, to show us the coldness of futuristic femininity that still carries traditional elements from the past. The lace melts with striking updos that announce a new gaze, intense and free. The hair tones are deep and extreme, with effects that remind us of the most untamed nature. This collection shows us that reality is about the coexistence of opposed elements.
